Experience

Frontend Developer Internship | [Certificate](#)

Sep 2024 - Current

Frontend Simplified

- Converted a static single-page application built with HTML, CSS, JavaScript, and React into an engaging user interface by incorporating animations, transitions, and carousels.
- Used Axios to handle API requests and fetch data from a cloud server, displaying it with skeleton loading states, pagination, and dynamic routing.
- Leveraged Git for version control and GitHub for collaboration, enabling effective teamwork in a virtual environment.

Frontend Developer Support

Oct 2024 - Current

Frontend Simplified

- Assisted over 1,000 students by applying HTML, CSS, Flexbox, JavaScript, and React best practices.
- Employed effective debugging techniques using Google Chrome's inspect element tools.
- Simplified complex programming topics, such as responsive design, CSS layouts, Promises, and API requests, for easier understanding.

Projects

Apple Clone | [Website](#) | [GitHub](#)

- Created a fully responsive Apple website clone using frontend technologies such as React, HTML, CSS, and JavaScript, replicating the sleek design and interactive features of the original site.

Xora Landing Page Clone | [Website](#) | [GitHub](#)

- Built a fully responsive Xora landing page clone using frontend technologies like HTML, CSS, JavaScript, and React focusing on precise layout, user experience, and smooth interactions.

Movie Poster Ecommerce Website | [Website](#) | [GitHub](#)

- Developed a dynamic movie poster website using React, integrating an external API to fetch and display movie data, and implementing responsive design for an optimized user experience across devices.

Education

Frontend Developer Bootcamp

Sep 2024 – Current

Frontend Simplified

Associate's Degree

Sep 2021 – May 2024

Computer Science

Montgomery County Community College
